Welcome to our Online Policies Manual. This manual contains all the policies in an electronic format, making them easy to locate, read and update. This online version does not replace the printed version of the policies, but is just another way to access the information.

You can access the individual policies by clicking on the links below to access the relevant policy. So you do not lose this page, it is recommended that you right-click on the policy and choose OPEN IN NEW TAB from the menu. (this method will work on a PC only). There is also a link at the end of every policy to return to this page.
